## Drop Charges Against Fields In Club Holdup

CAIRO, Ill. — Authorities have dropped charges against Harold E. Fields, 41, who was charged with robbing the plush Thunderbird night club near McClure last February.

Five state's witnesses who identified Fields from police photographs and later at jail said Thursday they had never seen him before according to Justice of the Peace Robert M. Williams.

The witnesses were Opal Bridges, John Kupp, John Wilson, and Miles Hill, all of nearby Cape Girardeau, Mo., and Charles Hudson, who gave the night club as his address. Williams said Wilson owns the Thunderbird and Hill is its manager.

Wilson said he gave \$9,000 to one of the five armed bandits who robbed the club, but said he did not get a good look at the man.

Police arrested Fields of Marshall, Ill., several hours after the holdup in Kentucky when a car in which he was a passenger exceeded the speed limit. He was released and later arrested again.

Fields, however, still faces a hearing in Champaign County next week. He is charged with violating his probation in connection with the robbery of a fraternal club in Champaign.

## Mother of Nine Says She Did Not Know of Auction of Her Home to Pay \$69.60 Bill

EVANSVILLE, Ind. — A Purdue University student said today he had simply hoped to make \$15 when he bought for \$150 the \$10,000 home of a widow and her nine children.

Morris Esche said he had no idea of the financial plight of the widow, Mrs. Juanita Malin. "I don't want to take advantage of anyone," he said. Esche said he would talk the situation over with Mrs. Malin and consider selling the home back to her.

Esche's attorney, meanwhile, questioned the legality of the entire transaction on the basis of the widow's statement that she had no previous knowledge of the auction of her home, held to satisfy a \$69.60 grocery bill against her name.

Esche, who is married and the father of three himself, said he had made his bid for the property

## To Dedicate New General Baptist Church Building at Stonefort Sunday

The recently completed building of the General Baptist church, Stonefort, will be dedicated Sunday during special services starting at 2:30 p. m.

The Rev. George Dougherty, pastor, outlined the history of the five-year-old church. It was organized under the direction of Rev. Vernon Buchanan, who remained as pastor for two years.

Although construction of a new church building was started early in the second year of the church's history progress was slow in the beginning and worship services were held for two years in an old store building.

The congregation moved into the building about three years ago, but even then the structure was "in the rough."

"At that time our heating system was an oil heater that sat in one corner and on real cold days members brought along small oil heaters to help drive out the cold. We had only sub flooring and used old pews that were borrowed from the Stonefort Reunion grounds," Rev. Dougherty stated.

As soon as it was possible to do so a gas furnace was installed and

hardwood floors laid. Next came the purchase of pulpit furniture, pews and a number of folding chairs. Only recently the carpet was laid.

The structure is well built, Rev. Dougherty stressed. "It is solid wood and well insulated and has white siding exterior. The interior walls and ceiling are celotex, venetian shades are at all windows and there is fluorescent lighting," he stated.

At the rear of the building are two rooms that are curtained off from the main sanctuary for Sunday school rooms and young people's Sunday evening meetings. Other Sunday school classes meet in the choir pews and in the sanctuary.

The Rev. Arthur Austin of Cave-in-Rock, moderator of the Presbytery of the Association, will deliver the sermon of dedication and Rev. Nomas Summers, Harrisburg, moderator of the association, will give the prayer of dedication at the services Sunday afternoon.

Church officers are: Paul Pritchett, Sunday school superintendent; Opal Watkins, church clerk; Granvil Hill and Jovee Martin, deacons; Rawlings Duvall, Roy Evans and Mr. Pritchett, trustees; Martha Reynolds, secretary of the Sunday school.

The Rev. Dougherty invites everyone to worship with the General Baptist congregation Sunday. There will be the usual services—Sunday school, morning and evening worship and the dedication service in the afternoon.

For the two-year unexpired term Charles Carner, incumbent and Howard Stearns are candidates.

For the two 1-year unexpired terms Amos Pulliam and Franklin Gray, incumbents, and Arch Baker and George Rilying are candidates.

Candidates for the high school board of education are Leonard Smith, Owen Ewan, Louis Rodgers, Harry Hines, Harry J. Flanders, Lawrence Porter, Raymond McConnell and Charles Hausser. Three are to be elected.

Esche's attorney, meanwhile, said the sale would be illegal if Mrs. Malin had not been notified in person or by registered mail of the impending sale.

Deputy Sheriff Victor Ziegler said he made several trips to Mrs. Malin's home last year to tell her she could redeem the property. But she was never home, he said.

Esche's attorney, meanwhile, said the sale would be illegal if Mrs. Malin had not been notified in person or by registered mail of the impending sale.

## School Elections Saturday in Saline County

Only One Contest In Harrisburg for City School Board

School elections will be held in all districts of the county Saturday with some districts electing members of boards of education and others electing members of boards of school directors.

Board of education members will be elected in the Harrisburg high school and Harrisburg and Dorrisville elementary school districts, in the Eldorado high school and elementary school districts, the Galatia community unit district and the following elementary community consolidated districts:

Raleigh No. 34, Independence No. 53, Hillcrest No. 99, Beulah Heights No. 66 and Colbert No. 75.

There will be school directors elected in Wason No. 39, Muddy No. 40, Pankeyville No. 45, South Williford No. 42, Holmes No. 17 and West Ledford No. 97.

The Galatia election will be at two places—at the high school and in Brushy.

At board of education elections candidates file and their names are on ballots but at the school director elections the voters write in their choices.

### One Contest in Harrisburg

Board of education elections are held between 12 noon and 7 p. m. Districts establish their own hours for school director voting but these hours must be in the period between 12 noon and 7 p. m.

There is only one contest in Harrisburg, for the city schools board of education where Curtis Small, Vernard Clayton, Hudson Mugge and Lee A. Berry are running for three positions on the board. Voting will be at the Harrisburg Junior high school with the church street doors of the building open for the ballots.

Dr. W. D. Tuttle and Alfred Johnson seek re-election to two positions on the HTHS board. Voting will be at the high school, in the Taylor building.

At Dorrisville school the election will be held for that district with Duane McClusky, Robert Mullinix and Marion Abney seeking re-election, to three posts.

Most school board campaign activity seems to be at Eldorado, where eight candidates filed for three high school board positions and eleven filed for six positions on the elementary school board. The large number of positions to be filled on the elementary school board of education is the result of six resignations from the board last fall. These vacancies were filled by appointment by Gratton Hill, lone remaining member on the board following the wholesale resignations.

Candidates for the three 3-year terms are Roy Moore, incumbent, and Max E. Haring, Gene Galeener, Bertis C. Herrmann and A. J. Caraway Jr.

For the two-year unexpired term Charles Carner, incumbent and Howard Stearns are candidates.

For the two 1-year unexpired terms Amos Pulliam and Franklin Gray, incumbents, and Arch Baker and George Rilying are candidates.

Candidates for the high school board of education are Leonard Smith, Owen Ewan, Louis Rodgers, Harry Hines, Harry J. Flanders, Lawrence Porter, Raymond McConnell and Charles Hausser. Three are to be elected.

### Seeks Judgment for Bicycle Incident

A judgment of \$10,000 is asked for Marvin Ray Moore, 10, from the Village of Carrier Mills as a result of a bicycle incident.

The suit was filed for his mother, Freda Moore, by Atty. L. M. Hancock and Atty. Lloyd H. Melton of Harrisburg. The complaint says the boy was injured when thrown from the bike he was riding on West Oak street March 14, 1955, because part of the sidewalk was in a poor state of repair.

## Fire Damages Home on W. Sloan

Fire of undetermined origin last night damaged the outside wall of a two-story residence at 302 West Sloan street and there was water damage to a downstairs kitchen, Fire Chief L. G. Martin stated today.

Martin said the house was owned by Leo Richmond, that Delma Bradshaw resided upstairs and that he was told furniture belonging to Wanda Lightner was down stairs.

The fire department got the call at 8:20 p. m.

## Kiwanians from Division 16 Clubs Meet at Vienna

Sixteen members of the Harrisburg Kiwanis club attended a Spring Fellowship meeting of the clubs in Division 16, held at Vienna Thursday night. One hundred and twenty-five members from nine clubs in Division 16 were in attendance.

Lt. Gov. Roy Cornagie of Herrin presided at the event and guest speaker was Tom Waller, attorney from Paducah, who gave a very entertaining talk. Interspersed with his dry humor was his advice to Kiwanians present that in order to sell their towns to others, they must first sell themselves, their neighbors and everyone who lives in it, that it is the best town of all. Then outsiders will begin to believe the same thing, he said.

The speaker was introduced by Ray Harper of Metropolis, past governor of the Illinois-Eastern Iowa district.

Special guests introduced by Lt. Gov. Cornagie included Rep. Paul Powell and Mayor Gage of Vienna, past lieutenant governors, including Immediate Past Lieutenant Governor Fred Wundlich of Harrisburg, and Donnie Beggs, son of Kiwanian C. J. Beggs. Donnie Beggs is the lieutenant governor-elect of Division 10 of Key clubs, which are sponsored by Kiwanis clubs, and is a member of the Key club at the Harrisburg Township high school. Jim Pearl is president of the host Vienna club and he dismissed the meeting after expressing his appreciation for the fine attendance.

Cars from the nine clubs formed a caravan at the Vienna intersection and with police escort paraded to the meeting place at the Vienna community hall.

The Vienna club had made elaborate preparations for the Divisional meeting, including the police escort for the caravan of cars. Mayor Gage presented huge white keys to each delegation which was introduced with trumpet fanfare. During the dinner meeting organ music was presented by Mrs. Joe Throgmorton.

## Testimony Shows Louie Dalton Collapsed Before Body Burned

Testimony at the inquest into the death of William Louie Dalton, whose burned body was found late Tuesday, last night established that the 59-year-old carpenter had collapsed from some cause, probably from a heart attack, before a field fire passed over his body.

The inquest was conducted at the court house by Coroner James Thornton with Dalton's 16-year-old daughter, Carol; Robert Gaskins, funeral director; Russell Ashford and Deputy Sheriff Charles M. Donelson appearing as witnesses.

The jury returned a verdict that stated Mr. Dalton died of unknown causes, that he had collapsed, presumably from a heart attack, before his body was badly burned.

Mr. Gaskins told of the extent of the burns, stating they would have caused death, but that he most definitely could have died of some natural cause before the fire reached him.

His daughter, who found the body, said her father had left home to go to the area of the fire near their home six miles west of Harrisburg.

### Canvass Vote of Primary Election

The vote in the Saline county primary Tuesday was being canvassed today in the office of County Clerk J. E. Rose.

Making the canvass were Mr. Rose, Steve Mitchell, chairman of the Saline County Democratic Central committee, and Arrell Wason Jr., chairman of the Saline County Republican Central committee.

risburg around 3:15 p. m., that it was around 5:30 when she found the burned body.

She also said her father had been subject to heart attacks, that he had been to a doctor about Feb. 5.

Mr. Ashford, who had gone to his farm nearby because of the fire, said he heard screaming and found the girl near the body. Both Mr. Ashford and Deputy Sheriff Donelson said that leaves beneath the body were not burned, which established Mr. Dalton was on his back when the fire passed over him.

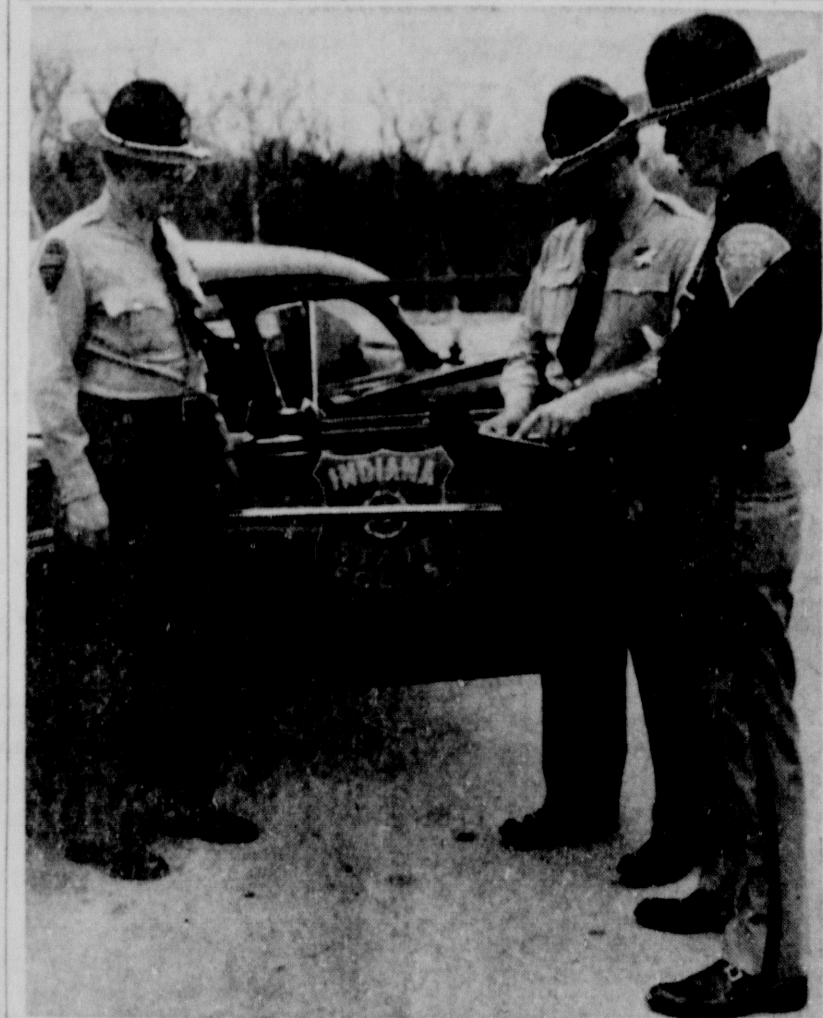

Coroner Thornton said Mr. Dalton's watch had stopped at 4:35 p. m.

### Rites at Marion Sunday For Nathaniel Housley, Fatally Shot in Chicago

The body will be received at Carbondale late today by the Keathly funeral service and will be taken to the Keathly funeral home in Colp to lie in state until the funeral.

Mr. Housley was the brother of Mrs. Lynn Hughes, resident of Harrisburg.

## Says Knifing So Swift She Did Not See Blade

Movie Star Takes Stand at Inquest Into Stompanato Death

HOLLYWOOD — Lana Turner, crying and clutching a rail for support, said today her 14-year-old daughter plunged a knife into the stomach of her lover, Johnny Stompanato, so swiftly she never saw the blade.

The dazzling blonde movie star told a coroner's inquest that her daughter, Cheryl, sprang at Stompanato after he had threatened her violently and told her she would never get away from him.

"He said I would have to jump and jump, and hop and hop, or he would cut my face or cripple me," she said.

Lana, her voice quaking and her fists clenched at times, told dramatically the events leading up to the slaying of the handsome Hollywood hoodlum with whom she had carried on a reckless romance from Europe to Mexico to the movie capital.

### Quarrel Grew Worse

Miss Turner said the argument began early on the evening of Good Friday because she wanted to go out alone to dinner with friends and Stompanato objected. Lana said she walked upstairs to her daughter's bedroom where Cheryl was watching TV and Stompanato followed her.

"Mr. Stompanato was swearing and I told him, 'I told you I don't want to argue in front of the baby.' I've always called her baby."

"I turned to my daughter and said I was going downstairs and coming back up to my room. I don't know why I said that. She said, yes, she would stay and watch TV. Mr. Stompanato followed me downstairs and the quarrel grew more violent."

"I answered back that I was finding out too many lies and that one I just found wasn't any worse than the others. She did not identify the lie. Then I told him, 'I can't go on like this. I've begged and pleaded with you to leave me alone.' Because of all his threats I had a great fear of him."

"I went up to my bedroom upstairs and Mr. Stompanato followed me. We were both talking at once. I kept asking him to leave me alone. He grabbed me by the arms, shaking me and cursing me badly and saying as before, no matter how I tried to get away he would never let me."

"He said I would have to jump (Continued on Page Five)

## Save Your Valuable Rugs And Furnishings

Soil free carpets and upholstery wear longer. We recommend frequent cleaning with easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving pile open and lofty. No residue remains to cause soiling. Very economical too, as 1/2 gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

### Mt. Carmel Plant To Pay Workers In Silver Dollars

MOUNT CARMEL, Ill. — The city of Mount Carmel and its principal industry will launch an anti-recession drive beginning the week of May 12.

The city has designated the one-week period as "Thorardson and Meissner Week" for the electronic parts industry that employs some 400 persons.

Eugene Powers, plant manager, ordered 27,000 silver dollars, representing one week's payroll, from the Federal Reserve Bank in Chicago. The silver dollars have arrived and weigh almost a ton.

Workers at the plant will be paid in silver dollars for the week. John E. Williams, president of the Mount Carmel Security Bank, has provided 500 money bags for the employees to carry around their weekly wages.

Merchants have agreed to give \$1.10 value for each silver dollar spent in Mount Carmel stores in an effort to spur buying. And during the week, 1,600 distributors for the company from Canada, Cuba, the U. S. and other countries will be here for a meeting.

### Recover Body of Alexander County Farmer

MILLER CITY, Ill. — Searchers recovered the body of Wilbur Paul Farris, 43, from an eight-foot water hole near his home Thursday night.

Authorities said Farris' wife had told them her husband had threatened to take his life and then left home Thursday afternoon.

Farris' right arm had been wired to his belt so he could not swim. A weight dropped from around his neck as he was pulled from the water.

Farris, an Alexander County farmer, was the father of seven children. The farm is near Miller City, northwest of Cairo.

### Lana Tells of Quarrel Before Lover Slain

(Continued from Page One)

and jump, and hop and hop, or he would cut my face or cripple me.

"Then he said he would kill me and my laughter and my mother. And he said no matter what, he would get me where it would hurt most—he would get my daughter.

"I broke away and faced the door and my daughter was standing there and I told her, 'Please don't listen to any of this, go back to your room.' I pleaded and begged with her to go to her room."

Cheryl left the bedroom at this juncture, she said.

"I said to him, 'Well, that's just great,' that my child had to hear all of that.

"Never Saw a Blade"

Miss Turner said Stompanato had a jacket and a shirt hanging in a closet of the bedroom and he went to get them. He came back carrying a clothes hanger and moved toward Lana as if to strike her.

"I told him, 'Don't ever touch me again, we're finished. This is the end.'"

"I walked toward the door and he was following me. I opened it and my daughter came in. I swear it was so fast that I thought she'd hit him in the stomach.

"They came together, they parted. I still never saw a blade.

"He grabbed himself here (the coroner then interposed to have the record show that the abdomen was meant). He started to move forward, made about a half turn, dropped on his back his arms out so I still didn't see blood or any wound until I ran over to him and took his sweater out.

"I heard my daughter sobbing. I went into the bathroom and got a towel. He was making very dreadful sounds in his throat of gasping-terrible sounds. I telephoned my mother."

Beverly Hills Police Chief Clinton H. Anderson testified that when he arrived at Miss Turner's home last Friday night, Lana ran to him crying.

"Can't I take the blame for this horrible thing?"

"I told her, 'No, we must learn all of the facts and that's what we shall do.'"

### New Soviet Note Agrees to Talks By Ambassadors

WASHINGTON (U.P.) — Russia agreed today to an ambassadorial meeting next week to take the first step toward a summit conference. But the White House said Russia still is imposing terms that amount to rejection of the Western proposals.

The White House said the Soviet note, delivered to President Eisenhower this morning, proposes "diplomatic preparations which shall not deal at all with a summit meeting but only with the time, place and composition of a subsequent meeting of foreign ministers."

"The Soviet reply is manifestly not an acceptance to the Western proposal," the White House said.

The United States, Britain and France proposed in identical notes March 31 that Russia agree to ambassador-level talks in Moscow the second half of April to "determine whether a summit conference would serve a useful purpose."

The Soviet reply, informants said, agreed to an ambassadorial meeting and suggested that it begin April 17.

### To Return Rothchild To South Carolina To Face Charges

FRANKFORT, Ky. — Charles Paul "Rocky" Rothchild, well-known figure around Cairo, Ill., and Paducah, Ky., faces a return to South Carolina where there are criminal charges against him.

Thomas F. Marshall, acting as commissioner for Gov. A. B. Candler, said he would recommend that he be returned to face charges of armed robbery, safe cracking and breaking and entering at Spartanburg, S. C.

Marshall's ruling was made at an extradition hearing for Rothchild, who failed to show up and present his side of the case.

Rothchild, reported to be in Cairo, Ill., was placed under \$15,000 bond last month after being held on a fugitive warrant at Paducah. His identity was learned after he was arrested on a traffic violation, it was brought out.

Mighty Turbo-Thrust V8 seemed virtually unaware of astonishing grades up to 30 percent. Even at summit, 12,572 feet high, drivers found terrific reserves of torque from its 348-cubic-inch displacement.

Racking hairpin turns on Chilean slope of Andes tested superior torsional strength of Chevy's new Safety-Girder frame, demonstrated the better road-holding permitted by its lower center of gravity.

Turnaround at Valparaiso on Pacific—and car starts return leg of trip called impossible by A.C.A. experts! Engine was never stopped, oil dip-stick still said "full" at end of 1,900-mile test!

## Village Officials, Lions Club to Spearhead Clean-Up Campaign

During the next two weeks citi-  
zens of Carrier Mills will be urged  
to actively participate in a "clean-  
up, fix-up, paint-up" campaign.

Mayor Freeman O'Keefe, in dis-  
cussing the campaign, said it is a  
cooperative effort spearheaded by  
village officials and members of  
the Carrier Mills Lions club.

The city hall has been comple-  
tely redecorated inside and the ex-  
terior will also be painted and put  
in tip-top condition.

Plans are being completed to im-  
prove streets in the business dis-  
trict and also many of the resi-  
dential streets, Mayor O'Keefe  
stated.

Major improvements include the  
widening of Main street from the  
highway to the railroad and re-  
surfacing Main from the railroad  
to Washington and Oak street  
from Main to Mill streets.

From Route 45 to the highway  
the street will be widened four  
feet and before the streets are  
resurfaced broken curbing will be  
rebuilt and some sidewalk will be  
accomplished with motor fuel tax  
funds. Some MFT funds will also  
be used on arterial street repair  
and other streets will be fixed  
with city funds.

Another city project is the re-  
building of the street marker sys-  
tem.

All streets in Carrier Mills were  
marked with metal signs on steel  
posts about eight years ago. Many  
of the signs have disappeared or  
become so marred they cannot be  
read.

Work is now underway to have

each street well marked by replac-  
ing or repairing the signs.

Monday at 5:30 p. m. Lions club  
members will begin the task of  
clearing the city park, getting it  
ready for the approaching picnic  
season.

Throughout the week of April  
14 the "clean-up, fix-up, paint-up"  
campaign will be stressed in the  
business district. "We feel the  
business people should set the  
example in a campaign of this  
kind," O'Keefe said.

During the following week the  
campaign will be carried into the  
residential areas.

It is hoped the people will vol-  
unteer to go along with the clean-  
up, fix-up, paint up, however com-  
mittees have been appointed to  
call on anyone that doesn't enter  
into the spirit of the campaign.

There are several houses in Car-  
rier Mills in bad state of repair  
and a special effort will be made  
during the next two weeks to ei-  
ther have these buildings completely  
repaired or razed. "Many of the  
buildings are not only an "eye  
sore," but dangerous and some-  
thing should be done about them  
soon," a spokesman declared.

Sunday Designated as

'Break the Record' Day

At Baptist Church

Sunday has been designated as  
"Break the Record" day at the  
Sunday school of the Carrier Mills  
Baptist church.

In connection with the final day  
of the evangelistic crusade which  
began Easter an all-out drive is  
being conducted this week to ex-  
ceed the Easter Sunday school at-  
tendance.

If the attendance Sunday is  
greater than last Sunday Rev.  
Bertie Smith, church pastor, has  
been authorized to make the an-  
nouncement by breaking a photo-  
graph record over the head of the  
Sunday school superintendent, Ed-  
ward Bell.

Rev. Smith and the evangelist,  
Rev. Ralph Benningfield, report a  
very successful revival and extend  
an invitation to all to attend the  
services.

## "Why are there service charges on a checking account?"

Pure logic: When the cost of the bank's services  
to a checking depositor is greater than the interest  
which the depositor's loanable balance allows the  
bank to earn, the bank must make a charge. But  
if you are a checking depositor at our bank you  
can avoid service charges by maintaining a balance  
large enough to compensate us for the number of  
checks you draw. Ask us to work out actual fig-  
ures—and use our economical checking service fully!

Credit Life Insurance is available on our loans which pays  
loan off in the event of your death; also disability which pays  
your installments while you are disabled.

## Banks Unloads 13th Homer In 7-3 Victory by Cubs; Mays Hits Two, Giants Lose

By United Press  
Ernie Banks and Willie Mays, two of the National League's finest hitters, were in a fence-busting mood today as they approached the final weekend of the spring training grind.  
Banks virtually wrapped up the pre-season home run clouting title Thursday as he unloaded his 13th—tops for both leagues—in sparking the Chicago Cubs to a 7-3 victory over the Los Angeles Dodgers.  
Mays hit two homers—his seventh and eighth of the spring—but also contributed a wild throw in the 10th inning that enabled the Cleveland Indians to down the San Francisco Giants, 15-14.  
Mays doubled home two runs in the top of the 10th to give the Giants a 14-12 lead, but the Tribe tied the score in the bottom of the same inning on a two-run double by J. W. Porter. Then Gary Geiger scammed home with the winning run when Mays grabbed Russ Nixon's pop fly in short center and threw all the way to the backstop.

## Man On Street Differs on Plan to Step Up Buying

By United Press  
To buy or not to buy apparently remains pretty much an individual matter despite urging from President Eisenhower to step up purchases as a recession cure.  
A United Press check on the man in the street in cities across the nation showed many persons have no intention of increasing their spending. Their answers ranged from a terse "With What?" to "I'm not in need of anything."  
A number of persons said they thought the President's advice to "buy, but not indiscriminately" was a sound suggestion for getting the economy rolling into high gear. The President made his remarks at a news conference Wednesday.  
Still others said they were willing to buy—when prices drop.  
A typical comment came from Harry Vartanian, a Detroit taxi driver, who observed "people have money but they're hanging onto it."

**Some Support Like**  
"Take me," Vartanian continued: "Four in our family are working and we all have good sized saving accounts. Why aren't we spending? We just don't need anything right now—we've got TV and the rest, why should we buy more?"  
The other side of the coin was expressed by Joseph J. Gross, executive of the Detroit Area Council of Boy Scouts who said "Mr. Eisenhower is right."  
"People should start buying up over-stocked merchandise so manufacturers can go back to making more," Gross said. "I'd like to think enough people will start buying things within a few months to get us started when they find out things aren't as bad

as they thought and they lose their fear."  
Salesman Jack Leaverton of Des Moines said there's been too much recession talk. "There's been so much publicity the people you've got money are afraid to buy and are saving instead," Leaverton said. He added he does not personally plan to expand his buying.  
"It won't influence me to buy anything," said Glenna Evans, a Des Moines housewife. "I think it's a good idea, but not for anyone who had to take a reduction in their income."  
A Kansas City, Mo., man in the street said he bought everything he needed in the boom year of 1955 and wasn't going to buy anything else until prices come down.

**Slow Progress Fails to Dampen Campy's Spirits**

GLEN COVE, N. Y. (U. P.)—They're still keeping a good man, Roy Campanella, down in the hospital here but the painfully slow progress of his battle against paralysis has failed to dampen Campy's spirits. "His morale remains excellent and he listens to every baseball game that is broadcast," Glen Cove Community hospital announced in its latest bulletin on the condition of the Los Angeles Dodgers' star catcher Thursday.  
However, the hospital had to admit that Campy has made only a little progress in the last month—the fact that "sense of feeling" now has returned to his lower abdomen, whereas the limit a month ago was the upper abdomen.  
Campanella has been paralyzed since Jan. 28 when he suffered a broken neck in an auto accident.

## Illinois Allocated \$13.9 Million Additional Corn Soil Bank Funds

By WARREN STROTHER  
United Press Staff Correspondent

Illinois has been allocated an additional \$13,914,000 for its corn soil bank program, probably enough to cover most farmers who want to "bank" part of their corn acreage allotments.

The Agricultural Stabilization and Conservation office at Springfield reported the additional funds have increased the state's allocation for the corn acreage reserve program to \$33,414,000 for 1958.

The new funds were made available after Congress passed a supplemental appropriation bill boosting the money for the national soil bank program from 500 million dollars to 750 million dollars. Before the new allocation was made fewer than half the Illinois farmers who wanted to participate in the corn acreage bank were able to do so.

"Now," one ASC official said, "it looks like it may come out about even . . . We should be able to take care of almost everyone who has applied for the corn soil bank, and some of those who applied late."

He said thus far a total of 14-

852 corn acreage reserve agreements have been signed, covering 338,569 acres which will be taken out of production rather than planted in corn. The agreements will provide soil bank payments totaling \$18,422,262.

However last week there still were 16,326 farmers who already have filed applications for soil bank participation which would add another 320,853 acres to the corn acreage reserve program at a cost of \$14,663,161.

What additional funds are left after the applicants are included in the program will be available for "late filers," who did not get their applications in on time.

The deadline for application for the corn soil bank originally was set for March 7. It was later changed by the Agriculture Department to Feb. 20. The department subsequently changed the deadline for withdrawing from the program to March 28.

Last week the department set another deadline. Farmers who can prove they had intended to apply for soil bank participation but did not do so because of the deadline changes and the resulting confusion now have until April 18 to file certificates so stating.

The contracts already signed and the applications pending would put 659,422 acres of Illinois corn land into the soil bank this year at a cost of \$33,085,483. The contracts accepted under the late filing provisions — and ASC officials indicated there will be several hundred — will boost the total even higher.

As big as the corn acreage reserve program is it doesn't make much of a dent in the state's corn acreage or production. For one thing only farmers who comply with corn acreage allotments are eligible, and little more than 20 per cent of the corn grown in Illinois is in compliance with acreage allotments.

But farm census figures show that in 1955, the last year before the soil bank program was put into operation, Illinois planted 9,164,000 acres of corn. In 1956 the farm census found a total of 8,704,000 acres in corn — a drop of about 460,000 acres.

However the drop in acreage didn't mean a cut in production. The 1955 crop totaled 513,576,000 bushels. The same crop on 460,000 fewer acres in 1956 was an all time record 592 million bushels.

The 1957 crop totaled 8,300,000 acres, about 400,000 fewer than

## Cold Weather Delays Peach Blossoms

CARBONDALE, Ill. (AP) — The weather is delaying southern Illinois' annual peach blossom show. Harold Hartley, Carbondale executive secretary of the Illinois Fruit Council, said peach orchards in southern Illinois were in full bloom last year on the weekend of April 12.

Hartley said that because of the cool weather it is uncertain when the orchards will be in full bloom. The display attracts thousands of visitors each year.
